

Ashe Family Healthcare

Influenza Vaccine Discount Coupon

**** \$5.00 ****

\$5.00 off cost associated with vaccine and administration, valid September 1, 2017 through March 31, 2018. Discount is applied to patient copayment for influenza vaccine administration only if applicable or uninsured (cash pay) rate, and may not be used for any other purpose. North Carolina Medicaid recipients under the age of 21 are not eligible. This coupon is not redeemable for cash value nor can it be applied to insurance reimbursement rates to generate a negative (credit) balance on any patient account. Discount is based on pre-coupon cash price of influenza vaccine and administration of \$30.00. This coupon **valid only through Ashe Family Healthcare of West Jefferson** and must be presented at time of vaccine administration. Offer valid to eligible individuals aged 4 and up; active patient status with Ashe Family Healthcare not required. Separate vaccine administration form and patient signature required at time of administration. Valid while supplies last. For more information regarding the influenza virus and the importance of the disease prevention, visit www.cdc.gov/flu.
